

Mobile In™ Premium Guitar Interface for Apple® iOS devices

Legendary POD® guitar tone now available for iPhone® and iPad®

- Mobile POD app brings world-famous POD guitar tone to iOS devices
- Pristine digital interface delivers pro-quality sound
- Compatible with GarageBand® for iPad and other popular apps

For the first time ever, legendary POD guitar tone is available for Apple® iOS devices. Mobile In™ input adaptor and the free Mobile POD app bring famous modern and vintage guitar tones to iPhone and iPad. Powered by the Apple device itself, Mobile In is the most portable way to get great guitar tone ever.

Mobile In is a pristine digital interface that features high-quality audio input circuits and digital converters with up to 110 dB dynamic range, delivering superior clarity and richness. This pro-level design improves guitar tone even when using other music creation apps like GarageBand for iPad and more.

Mobile POD offers the largest model set of any guitar tone app with 32 amps, 16 stompboxes and rack effects and 16 speaker cabinets. Visually edit and save tones with its graphical display. Access over 10,000 Mobile POD app presets designed by artists, Line 6 and other players, right on your iPhone or iPad. More tones than you could ever use – included for free!
