

MOBILE KEYS 25 & 49

The World's First Tri-platform Keyboards

- Compatible with iOS devices, Mac® and PC — ideal for GarageBand® and your other favorite CoreMIDI / iPad® / iPhone® music apps
- Powered directly by your device — no batteries or power supplies needed
- Full-sized, velocity-sensitive keys for expressive playability

Mobile Keys 49

Mobile Keys 25

For the musician who wants to turn their Apple iOS device or instrument into a music production studio, Mobile Keys™ is the premium keyboard solution for making music on your iPad, iPhone, Mac or PC.

Mobile Keys are the world's first tri-platform keyboards, compatible with iOS, Mac and PC platforms. Whether you're a beginning musician or a studio owner, having one mobile keyboard that works on all your music-making devices is a great idea.

Get more out of GarageBand and the many CoreMIDI virtual instruments, drum machines and music production apps with the fun, simple-to-use, plug-and-play production experience. Mobile Keys offers unparalleled compatibility and endless options.

Full-sized, velocity-sensitive keys make for a satisfying, musically expressive playing environment. A robust chassis and professional keybed add to the great playing experience. Mobile Keys has Mod and Pitch wheels for expression effects, and you can add sustain and expression pedals via two 1/4" TRS jacks.

Available in 25- and 49- key versions.
